August 18, 2014

Re: 1005 Coon Rapids Blvd Extension Property ID # 26-31-24-12-0002

In response to the letter received on August 13, 2014, from City of Coon Rapids for the above property. I'd like to introduce myself. I am Marcell Garretson, Chief Operating Officer of Christian Restoration Services.

I am "**writing to appeal the decision**" not to renew the rental license for the location at 1005 Coon Rapids Blvd Extension, Coon Rapids MN 55332.

I can assure the City of Coon Rapids that no Sex Offenders have been accepted into Christian Restoration Services and that the program Rules and Regulations are available on site. I am aware that this only scratches the surface of the issue.

There is a great need for this facility in our community, and non renewal of the license could reflect serious repercussions, and could be devastating to the homeless population in Anoka County.

In that light, I am requesting a formal meeting to discuss the said violations. I believe that most violation noted in the Residential Rental License addendum are inaccurate. Those that are accurate will be repaired in a timely matter. However, as a representative of Christian Restoration Services, I would like to discuss CRS's mitigation plan for the facility in person.

Please set up time for further discussion at your convenience.

Sincerely,

A handwritten signature in black ink that reads "Marcell Garretson".
